

HOW TO ACHIEVE SUPPLIER DIVERSITY

Integrity Staffing Solutions is committed to diversity among its suppliers as well as its workforce. We believe it's our differences that make us all stronger, and that what really matters are the core values of ambition, work ethic and integrity. This policy of deliberate inclusion helps us understand and anticipate the real needs of our clients, no matter who they are.

Here are some tips for setting up your own Supplier Diversity Program.

STEP 1

ESTABLISH A PROCESS.

We have found that with the best intentions in the world, action won't get taken until there's a defined program and assigned responsibilities. Our active Supplier Diversity Department is the starting point and facilitator for prospective diversity-owned businesses, from answering initial questions to directing suppliers to the appropriate decision maker.

STEP 2

QUALIFY THE BUSINESS.

Businesses must be at least 51% owned and controlled/operated by a U.S. citizen in one of the following categories:

African • American • Asian • Indian • Asian Pacific • Hispanic
Native American • LGBT • Service Disabled Veteran • Veteran

STEP 3

VERIFY CERTIFICATION.

We recommend that prospective suppliers obtain certification from one (or more) of these organizations:

Ethnic minorities: National Minority Supplier Development Council or regional affiliate; nmsdcus.org

Women: Women's Business Enterprise National Council; wbenc.org

Service-disabled veteran or veteran owned: U.S. Dept. of Veteran Affairs; va.gov

LGBT: National Gay and Lesbian Chamber of Commerce; nglcc.org

STEP 4

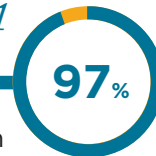

REGISTER THE SUPPLIER.

We welcome the new partner and offer guidance and consultations to help further develop their business.

NGLCC Diversity Certified Since 2011

We are proud to have received certification from the National Gay & Lesbian Chamber of Commerce as a LGBT-owned business. If you're looking to complete or enhance your corporate supplier diversity program, **Integrity Staffing offers an excellent opportunity to do so.**

of Fortune 500 Companies have a Supplier Diversity program
