

# WORKPLACE READINESS

**IS YOUR STAFFING FIRM PREPARED FOR THE NEW NORMAL?**  
HERE ARE OUR SAFETY BEST PRACTICES THAT YOU CAN REFERENCE AS YOU DEFINE AND IMPLEMENT YOUR WORKPLACE SAFETY PLAN, INCLUDING:

## COVID-19 TESTING

Connect with resources to implement a testing solution for your workforce.

## TEMPERATURE CHECKS

Define the technology and people you need to manage this critical daily task.

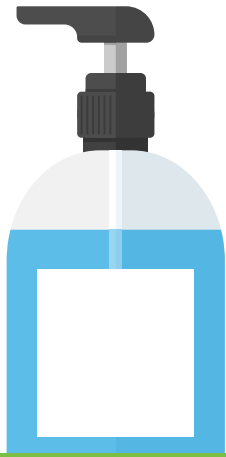

## LOW-TOUCH HANDLING

Minimize cross-contamination by converting as many processes to low-touch as possible.

## CLEANING PROTOCOLS

Identify and develop protocols that keep your workplace clean and disinfected.

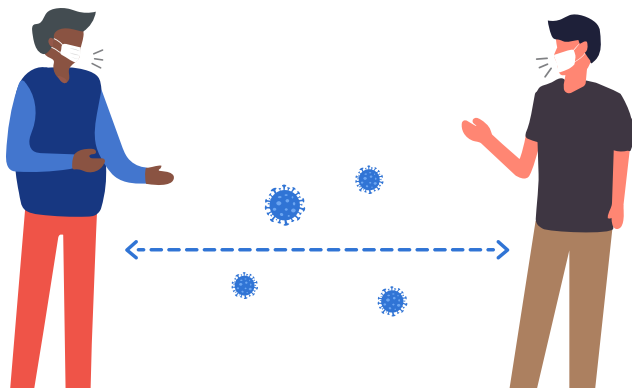

## HYGIENE MEASURES

Keep everyone germ-free and minimize outbreaks with environment-appropriate hygiene measures.

## MASK REQUIREMENTS

Establish face mask/face covering requirements, and efficiently manage supplies so that everyone's covered.

## SOCIAL DISTANCING

Seek guidance on how to develop, implement, and maintain safety processes defined by the CDC.

## SNEEZE GUARDS

Know the purpose of sneeze guards, where to place them, and how to properly disinfect them.

WHETHER YOU NEED HELP ASSESSING YOUR BUSINESS OR REQUIRE FULL STAFFING SUPPORT, WE CAN HELP.
