

ASSOCIATE BENEFITS

YOUR EMPLOYEE PERKS, COVERED BY INTEGRITY.

We believe when our associates have a great experience on the job, the companies they work for keep hiring new people and move local economies forward.

So, we make it a priority to provide our associates with everything they need to be successful.

THERE'S A REASON WHY ADVOCATE FOR OUR ASSOCIATES' SUCCESS IS OUR #1 CORE VALUE.

Many factors can hinder career advancement, from lack of training to social issues relating to home, family, health, or finances. Our holistic approach provides support at every point, so that both our associates, the companies they work for, and the entire community can move forward.

OUR CLIENTS SUCCEED WHEN OUR ASSOCIATES SUCCEED.®

WE OFFER BENEFITS THAT PROVIDE BETTER LIVES, BOTH ON AND OFF THE CLOCK.

Medical and dental after 8 hours on assignment are just the beginning. We provide the opportunities, tools, and community resources our associates need to be successful, productive and fulfilled.

Here's a glimpse into some of our biggest benefits:

PROJECTHOME

We launched Project Home to **eliminate homelessness among our associates.** A large percentage of today's homeless are hard-working individuals and families who simply had a bit of bad luck. We decided that we should use our corporate clout to help associates get back the home they truly deserve.

Our PayActiv financial tool allows associates to access **up to 50% of earned but unpaid wages BEFORE payday** for a flat \$3 fee. The tool can be used for emergency bill pay, to request Uber rides to and from work, prescription discounts, and more.

PTO AND MORE

Personal Time Off (PTO), an Employee Assistance Program (EAP), and a local Resource Center with access to community organizations **rounds out our list of associate perks.**

LET'S TALK.

Happy associates are productive associates.
Let's find yours today.
